Internationale Gäste / International Guests

Hossam M.T. Foda, M.D., Alexandria, Egypt

Dr. Foda is ENT-trained and was fellow in Facial Plastic Surgery at the University of Texas, Houston, USA, until 1994. In 1995 he was appointed Director of the Facial Plastic Surgery Unit, Alexandria University, Egypt. Hossam Foda is a visiting consultant in Dubai and Kuwait and has published numerous articles about facial plastic surgery, with a clear emphasis on rhinoplasty techniques.

Jan Stanek, M.D., London, United Kingdom

Jan Stanek works as head of his private Plastic Surgery Clinic in Harley Street, London. More than 15 years in plastic and aesthetic surgery have produced extensive experience in all aesthetic surgical procedures. Since 2000 he has accepted a Professorship in Aesthetic Plastic Surgery in the Czech Republic, from March 2002 he has been asked to chair a department of Experimental Plastic Surgery at the University Faculty of Plastic and Reconstructive Surgery at Brno. His special interests are breast surgery and endoscopic facial surgery as well as laser surgery. Jan Stanek has lectured on the 2000, 2003 and 2004 Hamburg Circle Meetings about his forehead lift techniques.

Brent R.W. Moelleken, M.D., Beverly Hills, United States

Brent Moelleken, MD, F.A.C.S., is a Plastic and Reconstructive Surgeon. He is double board certified by the American Board of Surgery and American Board of Plastic Surgery and specializes in cosmetic surgery. He received his premedical, medical and surgical training at Harvard and Yale University. Dr. Moelleken pioneered the superficial cheeklift operation. He has innovated LiveFill™, disarticulated fascial fat grafts, a method of permanently augmenting areas of hollowness in the face, and of increasing lip fullness. The LiveFill™ method has many advantages over conventional fat injection, including higher survival rates and much less swelling postoperatively.

Hervé Raspaldo, M.D., Cannes, France

Hervé Raspaldo is specialist consultant in Facial Plastic Surgery at Nice University since 1992. He is working exclusively in Facial Plastic Surgery and member of the American Academy of Facial Plastic & Reconstructive Surgery, the European Academy of Facial Plastic Surgery and the Société Française de Chirurgie Plastique Esthétique. He has published in multiple books, magazines and produced video tapes about facial aesthetic procedures.
